

# Hardware & Accessories

Muskoka Leisure has a full line of quality dock hardware & accessories, and designed for North American waters. Dock hardware is constructed of .125" steel material and utilizes a industry standard 3-1/2" fastener hole pattern. All hardware is designed for use with 3/8" dia. galvanized fasteners. Proven design, professionally welded, and durable hot dipped galvanizing will certainly stand the test of time.

Muskoka Leisure also carries a full line of quality ladder, cleat, and dock accessories. All of the accessories pass Muskoka Leisure's testing, and quality requirements.
